

I believe...

- Every student, regardless of zip code, deserves a great public education in a safe and well-maintained learning environment.
- Students need access to modern technology and materials in their classrooms.
- Educators and parents need a seat at the table when decisions are made that impact classrooms.
- Every student deserves to learn from a caring, committed educator who has adequate resources and the professional support they need.

Campaign 2018

Electing a Pro-Public Education Majority

Campaign 2018

Electing a Pro-Public Education Majority

I pledge to support pro-public education candidates who will fight to address the needs of our students and educators this November. I commit to talk to at least 3 friends, family members or neighbors and ask them to pledge their support.

Supporting Public Education through Political Advocacy
