

## MAKE YOUR VOICE HEARD

- Join fellow OEA members in defending public education by getting out the educator vote this Nov. 5th for pro-public education, pro-organized labor candidates in 2024.
- Sen. Sherrod Brown is up for re-election this year and has shown himself to be a solid supporter of educators, the education profession and workers.
- Control of the Speakership of the Ohio General Assembly is in question and electing our moderate Republican allies and Democrats to the General Assembly will be crucial in continuing to defend against the onslaught of attacks against public education and educators in the next General Assembly.

Scan the QR Code or visit the website to sign the interest form and organizers will follow-up with you about future volunteer events and opportunities to get out the vote this Nov. 5th.
