## Hello OEA-Aspiring Ed! AE - ONE Conference Recap

We just had our AE - ONE Conference and it was so powerful! We had nearly 60 AEs in attendance along with advisors. We had the opportunity to network with ONE members who shared their knowledge and experiences with us.

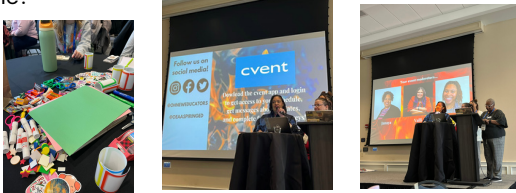

One of our sessions allowed us to discuss issues in the education field and we created forms of action to fight against them. Our OEA Staff collected the information and they are working on ways to help solve some of these problems!

We also had the opportunity to talk about our upcoming AE Spring Leadership Conference and our new AE Board Elections! More information on this to come!

Your AE Board Members who attended the Conference: Cayla Howard, Nicole Holt, Alice Somers, Andi Crawford and Kyndal Mickel
